

LEADING EDGE CONCEPT AND DESIGN

Palmieri Furniture

The pursuit of excellence begins with an innovative vision. Princeton achieves this goal with timeless elegance and precision craftsmanship. Exclusive to Palmieri, Princeton encompasses all possible attributes with exceptional beauty and sophistication.

PALMIERI

PRINCETON

LEADING EDGE CONCEPT AND DESIGN

Palmieri Furniture

The Princeton line creates a warm and elegant environment at the Poco Mountain High Library in Pennsylvania.

WORK SURFACES

- Tabletops are constructed of 2" built-up high density particle board
- Surfaces receive a durable .050" high pressure plastic laminate sheet or a veneer surface with a black epoxy veneer inlay (Panel Base tables only)

Princeton tables are available in a variety of styles and finishes, including the timeless rectangular leg base table.

- Work surface edges are tapered and extend beyond the panel bases
- Horizontal edges are banded with a solid hardwood internal edge
- Edges are machined inward creating a chamfered knife edge detail

The Princeton study carrel work surface incorporates a chamfered knife edge detail and extends beyond the panel bases.

PANELS

- 3" built-up high density particle core (Reading-Panel Base, Index, Display tables), 2 1/2" for all other pieces, with premium grade "A" face veneers
- Centre indentation in each panel receives an elegant 3/16" x 1/8" deep solid black inlay, 2" from both top and bottom of panel

The elegant and sophisticated Princeton line beautifully compliments the design of the Howard University Law Library in Washington DC.

- A raised panel effect is achieved using 2" wide rift cut veneers running around the panel perimeter, meeting at mitered corners
- Panels are framed on all four sides with a wide solid hardwood, top and bottom member overlapping the vertical edges
- Study carrel shelves are constructed in 3/4" veneer plywood with eased corners and edges
- Shelves are 9" deep faced with a premium grade "A" veneer and the front edge banded with a 1/4" solid external hardwood
- Shelves are installed 15" above the work surface

THE PRINCETON PRODUCT LINE

The Princeton line of furnishings is available in a variety of standard finishes.
